

Great signs at Pro Nobis

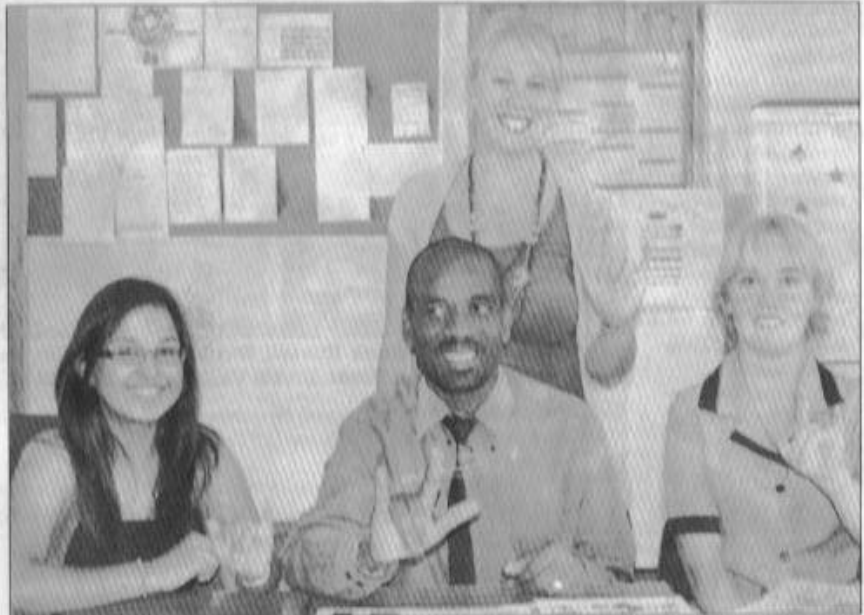

Sign language expert M Bester last week blessed Pro Nobis with her present, Tiny Handz.

Her enthusiasm and radiance kept all the participants on the edge of their seats. What made this course so special was the variety of people that were exposed to the world of sign language.

There were parents, educators, assistants, therapists, departmental representatives and community members. All of these people will be able to go and teach others about the unique world of people who cannot communicate verbally.

They have truly been gifted with an opportunity to make a difference.

Pro Nobis thanks Mrs M Bester for the love and passion she portrays.

Signing up to assist at Pro Nobis School:
Mrs Y Singh, Mrs S Scott, Mr M Chiliza,
Mrs M Bester.
